Thanks no urgency for the Jess info but we will need to be able to offer a position that suits the needs of FPECC and is fair and equitable to the scope and responsibility. We can offer her the management position comparable to Winkler and Mundy, to run Bx under us. Talk later.

Jessica is reviewing the salaries at the time we planned the transition. I believe at that time she was the highest paid, but Jessica will confirm the numbers.

At this moment, two of her colleagues transitioned to management roles which has increased their pay above hers, but doesn't consider the union benefits (differentials, etc) that she receives.

Jessica will send info shortly.

I can do that but then I am dumping BHC into the soup. I don't know and don't want to know what they did to "address her eeoc" issues.

In the meantime (and we should brainstorm for July but not with the entire FPECC crew), I propose to send her this reply below and separately sanitize her email and send to Bill and copy her, removing editorials and elephantine quotes.

Dr. Kaye,

Thank you for bringing your concerns to my attention.

As you know, the decision was made to postpone bringing the Bronx Court Clinic into Correctional Health Services (CHS) until July 1, 2018, specifically so that you will be an employee of Bellevue through June 30th and therefore eligible to receive the retention bonus. As such, I will convey these serious concerns and your request to the attention of Mr. William Hicks, CEO of Bellevue.

In the interim, we at CHS will investigate possibilities for ensuring equitable and appropriate remuneration in anticipation of the July move.

Do any of the five of you have a comment or concern about the proposed email a/o approach? I'd prefer to respond sooner than later.
